Hogan 'The Lift' NV **Wine of Origin: Swartland** **Biologically aged (Flor) wine**

Technical analysis

pH: 3.22
TA: 6.57 g/l
RS: 1.47 g/l
Alc: 12.0%

Vinification

This is a fun, experimental, biologically aged wine (aged under Flor: a film of wine yeasts) made up of 3 vintages of our Swartland Chenin Blanc: 2018, 2019 and 2020. Taking inspiration from a band of producers in Jerez, Andalucia, who are making unfortified biologically aged wines that are pretty incredible. 50% of the wine was aged under Flor yeast.

Tasting notes

Beautiful concentration. On the nose green olives, salt flakes and almonds. Lemon rind, cashews and beautiful saline notes on the palate. Unusual umami flavours that you can get hooked on 😊 A bit like the first time you taste uni (sea urchin).
